January 21, 2015

Dear PREP Families,

Attached please find the “opt out” form for the Safe Environment lessons scheduled to be taught on January 28, 2015. Please review the lessons online prior to making a final decision. These lessons are designed to supplement conversations you are having with your children regarding personal safety, and they are a valuable teaching tool.

Please know that if you choose for your child(ren) not to participate in the lesson, they will remain under my supervision in room 104 while the lesson is being taught.

The attached form must be printed out, signed, dated, and returned to the PREP office prior to 1/28/15. If you need a hard copy, please reply to this email, and we will send a copy to the youngest child in your family.

Thank you, and God Bless!

Sincerely,

Mrs. Jennifer Boag
DRE
